- **Ivy Tech / IUPUI** / Majoring in Computer Science / 📅 Currently Attending
- **UDEMY Courses**

Experience

Freelance Web Developer
Ezee Design Co.

📅 2017 - Current

- I created Ezee Design Co. to do some work for family/friends around 3 years ago.
I developed/designed various websites & simple applications using HTML,CSS and JavaScript .
This evolved into a little more than that and I started creating websites for small businesses/startups.

Graphic/Web Designer
Residential Warranty Services

📅 2019 - Current

- Work amongst a team of designers on large scale projects
- Produce quality marketing materials for individual clientele
- Communicate directly with the clientele to provide their desired vision

Technologies & Software

Code Html - CSS - SCSS - JavaScript - React - React-Native - Redux - Python

Design Adobe Photoshop - Adobe Illustrator - Adobe XD - Adobe After Affects

Project Management Trello - Asana - GitHub
